

The LeadingAge-Recognized Insurance Program

Aon Association Services--Administrator of D&O and P&C Insurance Programs

For more than 30 years, Aon Association Services has administered the LeadingAge Insurance Programs and is committed to serving the needs of Aging Services Providers for affordable, quality coverage. The LeadingAge Insurance Programs are available to the entire continuum of aging service providers (SNF, AL, IL, CCRC, HCBS, including PACE, Housing, Adult Day Care, Home Health etc.) at reduced minimum premiums and through service specific underwriting guidelines.

The Choice Model for the LeadingAge Property & Casualty Insurance Program! This enables Aging Service Providers and their brokers to choose coverage from two of the top carriers rated "A" by A. M. Best. With this new choice, our insurance program offers more ways to get coverage with the features and competitive price that's right for Aging Services operations.

The Aon Quality Institute (AQI), an online risk management education course, is still available through the LeadingAge P&C Insurance Program and is supported by our carrier partners. AQI participating facilities who complete the course can receive a 10% credit applicable to the general liability and professional liability premium. To date, more than 49,000 insured LeadingAge staff members have passed the AQI.

The Occurrence Form is Available! The General & Professional Liability coverage has been available on a Claims-Made basis. The Occurrence Form is also available to eligible risks.

For more information, contact Aon's Maria Moreno at (800) 865-7307 ext. 8553.
